Subject: Re: SDP PANEL FOR QUAD CITIES OSRE RESULTS

I am working with Vonna Ordaz (NRR enforcement coordinator) to get this effort coordinated. I'm assuming that RIII will issue any enforcement action that may result from this, so we need to get up to speed. ---Brent

What is the intent or outcome of the panel. Is this an exploratory (discussion) meeting or has NRR performed an assessment of the exercise and prepared to present their position. We need to understand what the expected outcome is, going into the meeting to ensure that we are properly prepared.

I received a phone call from Jesse Arildsen from NRR'S Safeguards Section advising me that NRR is conducting a SDP Panel for the results of the Quad Cities OSRE on June 22, 2000 at 2:00 P.M. EST. He will be providing us a bridge number to tie into the meeting.
