Subject: Re: Comments for Quad Cities Inspection report from Jack Grobe

Adeline,
 Thanks! I will do so go forward the report in NRR, then for regional SES concurrence before the report issued.

Ray

I spoke with Jack Grobe yesterday just before I left and he asked that you go forward without his comments. He said that other people had similar and related comments, and he is confident the changes made will address his concerns. Jack will see it again prior to regional concurrence at which time he can capture anything that might have been missed.

I will also call you to confirm you received this.

Thanks,
 Addi

 The number I was given by his office and where I sent the document was 301-415-2222. I gave a copy of your email to Jack Grobe so he is aware you need his comments.

Thanks,
 Addi

Adeline,
 I talked to Glenn Tracy by phone this afternoon referring to the comments which Jack Grobe faxed to Glenn last Friday. Glenn said he was in Office very late last Friday and he didn't get the fax material from Jack last Friday. He also asked me and his secretary to looking for it.
 I will search the fax materials on Glenn's mail boxes, tables and ask his secretary to double check any possible place this faxed comments could be located.

In addition to what I am doing in NRR, I would like to ask you to check two things from RIII for me:

1. Which phone number did you or Jack use to fax his comments: 301-415-2968, 301-415-2222 or other number?
2. Could you fax Jack comments to me (please use 301-415-2968), if he can find his notes for his comments or reproduce it?

The Quad Cities OSRE inspection report would go nowhere without the comments from Jack Grobe.

Thanks!

Ray Hsu
