Jeff,

Per your request, the ADAMS accession numbers for COMSECY-00-0036, the SRM, and the Vote Sheets are attached. These documents are publicly available. The accession number for the Quad Cities cover letter is ML010390181, which is also publicly available.

The accession number for the NCI letter is ML010300258. SECY has the owner rights for the NCI letter, which is publicly available; however, it cannot be viewed by the NRC until the "NRC Users" item is identified in the security profile of the ADAMS document. Please refer to SECY on this item.

Thanks,
