Brent:

I spoke with Jack and Steve about this. Our consensus is that we will be exceptionally surprised if it will happen. The licensee is scheduled to provide additional SDP-related information to NRR either today or Monday. Even if they get it today, it seems a challenge that they will be able to meet our needs of having the package in our hands as required. DRS stands ready to support, but only if we have the info in time to review it. We will have to get Mike Parker on a phone bridge because he will be out of the office.

NRR would like to hold the 3rd (and hopefully last) SDP panel on the Quad Cities OSRE issues next week. Can we support a panel on Thursday, 8/31, at 9 am CT? (This panel was previously tentatively scheduled for 9/7.) We should receive their panel package on Monday.
