Dear Mr. Sinclair:

I am writing this letter in response to your letter dated August 10, 2001 that identified errors on the Utah State Regulation Status (SRS) Data Sheet. The effective dates for the mentioned Utah rules have been added. Where multiple dates were given for any one chronology item, the latest date was used to indicate the effective date that the requirements of that chronology item were met. This was done because of space limitations on the SRS Data Sheet and to avoid confusion with multiple dated entries. Thank you for your help in maintaining the accuracy of this system.

Sincerely,

/RA/

Office of State and Tribal Programs
