

UNITED STATES  
NUCLEAR REGULATORY COMMISSION

WASHINGTON, D.C. 20555-0001

August 8, 2001

Mr. Thomas C. Thompson, Director, Licensing  
Engineering and Design Services  
NAC International  
655 Engineering Drive  
Norcross, GA 30092

SUBJECT: NAC-UMS TRANSPORTATION PACKAGE AMENDMENT REQUEST

Dear Mr. Thompson:

On June 1, 2001, NAC requested an amendment to the UMS transportation package Certificate of Compliance (CoC), approval pending, to incorporate Maine Yankee site specific fuel parameters as allowable contents. We have determined that expenditure of staff resources to review this action until the NAC-UMS transport CoC has been issued is not warranted. Therefore, we are returning this application to you without action. Once a CoC is issued for the transport package, we suggest you review and revise the June 1, 2001, amendment application to ensure that it conforms to the final Safety Analysis Report.

If you have any comments or questions concerning this request, you may contact me at (301) 415-8584.

Sincerely,
