

October 11, 2001

Mr. Tim Dennis, Chairman  
ANS-3.5 Working Group  
American Nuclear Society  
P.O.Box 119  
645 Lehigh Gap St.  
Walnutport, PA 18088-0119

SUBJECT: AUTHORIZED NRC REPRESENTATIVE ON ANS-3.5 WORKING GROUP  
COMMITTEE

Dear Mr. Dennis:

I would like to nominate Mr. Lawrence Vick as the authorized NRC representative on the American Nuclear Society, ANS-3.5 Working Group committee. Mr. Vick is a Reactor Engineer (Examiner Qualified) in the Operator Licensing Branch in the Division of Inspection Program Management in the Office of Nuclear Reactor Regulation and would be responsible for actively participating on an equal basis with other committee members with full involvement in discussions and technical debates and, if selected, serve as chairperson or in other official capacities. If accepted, Mr. Vick will replace Mr. Frank Collins as the authorized NRC representative.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards development groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Thank you very much for providing NRC with the opportunity to participate in the work of your committee.

Sincerely,  
*/RA/*

Michael E. Mayfield  
NRC Standards Executive  
Office of Nuclear Regulatory Research

cc: Keith Welchel, Secretary of ANS-3.5 Working Group
