Subject: EPU environmental questions

We would like to set up a call to discuss the attached questions.

CC: Anthony Mendiola; Kimberly Leigh; Stewart Bailey

Docket Nos. 50-237, 50-249, 50-254, and 50-265

Dresden/Quad Cities EPU: Environmental

Location/Application

Staff Question

Dresden questions:

Pg 12	Is blowdown from cooling towers going to increase?
Pg 7	Are there threatened or endangered species in the construction area of the proposed ISFSI? The application said that there are no known threatened or endangered species existing within the <i>construction area of the proposed cooling tower cells</i> .
Pg 13	What is the Dresden Island Pool? Is it a drainage tributary to the Illinois River?
Pg 14	What was the increase in species richness due to in the 70's and 80's?
Pg 14	What about endangered aquatic plant species? Application only discussed fish species.
?	Will there be any impacts from construction of the cooling towers (i.e., noise, blasting, increase in truck traffic)? How close is the nearest residence?

Quad Cities questions:

Pg 11	Has the licensee talked to the State about the change in monitoring curve? Is the State OK with it?
Pg 12, 13	What is Pool 14?
