Office of the Secretary
U.S. Nuclear Regulatory Commission
Washington, DC 20555

To Whom It May Concern:

Please note that I am opposed to any change in the licensing hearing process that would in any way limit or constrain the general public from voicing their opposition to further licensing of nuclear power sources, and/or having their input meaningfully considered.

Further I am opposed to the creation of any additional nuclear power reactors.

Sincerely,

Shirlene C. Stuckey
