OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Secretary,

I am opposed to the NRC rulemaking as described in the Federal Register Notice, April 16, 2001, Vol. 66 to change the licensing hearing process for nuclear power reactors. The public is entitled to full and meaningful participation in an on-the-record hearing process for the licensing of new reactors, the relicensing of aging reactors and industry amendments to operating license safety requirements.

Sincerely,

Alice Hirt
