I need some information if you can help me. At the plant I did not take notes. I need the names of the plant manager, the resident inspectors, and the 2 gentlemen that joined us for dinner on Thursday. I believe one of them, sitting across from me, was Laguna Verde's General Manager, Miguel Medina Vaillard. I am not sure who the other guy was. I am almost finished with the report. I need this last bit of info. to finish it. I will send it ASAP, when I am finished.

Thanks. Margie
