Dear Sir:

In accordance with 10 CFR 50.47(b)(14) and 10 CFR 50, Appendix E(IV)(F)(2), Entergy will exercise its emergency plan by conducting a partial participation emergency preparedness exercise on October 31, 2001. Silk of your staff, as discussed between Indian Point 3 Emergency Plan coordinator Mary Ann Wilson and Mr. Silk.

The scenario submittal is in accordance with the schedule recommended by NRC Inspection Procedure 82302, "Review of Exercise Objectives and Scenarios for Power Reactors," dated June 24, 1998. The scenario has been validated on the Indian Point 3 simulator using current plant procedures. The exercise objectives and scheduled date were discussed in the referenced letter. In order to ensure scenario confidentiality, Entergy requests that public disclosure of the scenario be delayed until the exercise has been completed.

Entergy is making no new commitments in this letter. Should you or your staff have any questions, please contact Mary Ann Wilson at (914) 736-8404. Any formal written comments should be sent to her attention to maintain the confidentiality of the scenario.

Very truly yours,
