Subject: Confirmation of Termination-License # SMB-201/FOIA Request

Good Morning,

It is being assumed that Fisher Scientific's NRC License SMB-201 was terminated in late 1989. I have a letter, dated October 2, 1989, documenting Fisher's request to the NRC to terminate this license. I cannot locate documentation from the NRC confirming license termination.

Under the Freedom of Information Act, I am requesting confirmation from the NRC that SMB-201 was terminated. I can be reached at 201-703-3136 for further information.

Regards,
