Subject: Re: Thursday, 6/29/00 - Quad Cities SDP Discussion

Note to potential participants: I've tried to condense and clarify the physical protection SDP issues arising from Quad into a page and a half. My hope is that this will help guide our discussion this afternoon.

On Thursday, June 29, 2000, at 3:00 pm Eastern (2:00pm Central), Bill Dean and members of his branch, along with representatives from the Safeguards Section in NRR plan to have a discussion with Region III on the risk significance aspect of the Quad Cities security issue, including the assumptions and the appropriate outcome. Attached for your review, is the draft SDP evaluation prepared by Doug Coe (same evaluation that we e-mailed to Region III last week.)

We recognize that some of the individuals who have been directly involved in this issue from NRR and in the Region, will not be available for the discussion. However, we felt the need to expedite this discussion since there are other recent OSRE findings that are pending the outcome of the Quad Cities issue. Enforcement will not be included in this discussion, but will be part of the formal SDP/Enforcement panel at a later time.

For headquarters participants, the meeting is in O-14F3. For those dialing in, the bridge number is 301-231-5539, passcode [redacted] Regional Enforcement Coordinators - please forward this message to the appropriate individuals. [Ex 2]

If you have any questions, please feel free to call me at 301-415-2833.

Thank you,

Vonna Ordaz
NRR Sr. Enforcement Coordinator
