Regional Counterparts-

Attached is the latest status of the Communications Plan for COMSECY-00-0036 regarding the interim PPSDP. Please note that the information in the SRM, the SECY paper, the Quad Cities Inspection Report (cover letter only), and the Commission vote sheets **will not** be publicly available until Thursday, 2/8/01.

OE is in the process of putting together enforcement guidance on 10 CFR 73.55. For the inspection reports that contain URIs (i.e, Oconee, Farley, & River Bend), I would imagine that we could close the URIs by referring to the SRM. However, I am pursuing this question, and plan to get back to you.

If you have any questions, feel free to give me a call. Please don't hesitate to page me if you need to since I am often in meetings. I can be reached at the following numbers:

Brad Baxter is setting up a Counterpart Call for 2/14/01 at 2pm (eastern). Please send him any agenda topics that you or your staff would like to discuss. I look forward to hearing from you.

Thanks,  
Vonna
