RULEMAKINGS AND  
ADJUDICATIONS STAFF

Attn: Rulemaking and Adjudication Staff

Dear Sir or Madam:

I am strongly opposed to the NRC Proposed rulemaking as described in Federal Register 4/16/01, Vol. 66, to change the licensing hearing process for nuclear power reactors. The public is entitled to full and meaningful participation in an on-the-record hearing process for the licensing of new reactors, the relicensing of aging reactors, and industry amendments to operating license safety requirements.

Sincerely,

Marian Buckner
