**Subject: Transmittal of GE Proprietary Licensing Topical Report:
NEDC-32992P-A, ODYSY Application For Stability Licensing
Calculations, July 2001**

Reference: Letter: Stuart A. Richards (NRR) to James F. Klapproth (GENE), Review of NEDC-32992P, "ODYSY Application for Stability Licensing Calculations, (TAC No. MB0373)," April 20, 2001.

This letter transmits six (6) copies of the referenced Licensing Topical Report (LTR). This report is the "Accepted" (-A) version of the LTR, which includes the referenced Safety Evaluation by the Office of Nuclear Reactor Regulation enclosed within the document.

Please note that the LTR contains proprietary information of the type which GE maintains in confidence and withholds from public disclosure. The information has been handled and classified as proprietary to GE as indicated in the affidavit enclosed in the LTR. GE hereby requests that this information be withheld from public disclosure in accordance with the provisions of 10CFR 2.790.

Should you have any questions concerning the subject document, please contact Alan Chung at (408) 925-2876 (alan.chung@gene.ge.com).

Sincerely,

James F. Klapproth, Manager
Engineering & Technology
