DOCKETED

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

To Whom It May Concern:

I am opposed to the NRC's proposed rule, "Changes to Adjudicatory Process," as published in the Federal Register on April 16, 2001, Vol.66, pages 19609-19671. The public is entitled to meaningful participation rights in proceedings for issuing, amending, or renewing nuclear plant licenses. This means full, formal, on-the-record hearings with the rights of discovery and cross-examination, as the current process now provides. These proposed changes are unnecessary and are not in the public interest.

Sincerely yours,

Victor P. Eyth
