Mr. Mark E. Warner Vice President - TMI Unit 1 AmerGen Energy Company, LLC P.O. Box 480 Middletown, PA 17057

SUBJECT: THREE MILE ISLAND NUCLEAR STATION, UNIT 1 (TMI-1) - WITHDRAWAL OF AMENDMENT REQUEST RE: INDEPENDENT ONSITE SAFETY REVIEW GROUP (TAC NO. MA9752)

Dear Mr. Warner:

By letter dated August 9, 2000, you applied for an amendment to the TMI-1 Facility Operating License No. DPR-50. The proposed change would have modified the facility technical specifications (TSs) pertaining to the independent onsite safety review group (IOSRG) to indicate that the functions performed by that group would now be performed by the nuclear quality assurance personnel. However, you did not propose to relocate the specific TS requirements from the TMI-1 TSs. Subsequently, by letter dated August 14, 2001, you replaced your previous submittal in its entirety and expanded the scope of the review to additionally include relocation of the TS requirements of the IOSRG to the operational quality assurance plan. As discussed with and agreed to by Mr. Rombold of your staff, we are considering your initial application of August 9, 2000, withdrawn. We will continue our review of your August 14, 2001 application under TAC No. MB2964. Our review effort under TAC No. MA9752 is complete.

The Commission has filed the enclosed Notice of Withdrawal of Application for Amendment to Facility Operating License with the Office of the Federal Register for publication.

Sincerely,

/**RA**/
