Subject: Attempted contact with CI

on June 30, 2000, I attempted to contact the CI to obtain additional information regarding her/his discrimination complaint. Specifically, the following information was needed:

What safety issues did you raise when you worked for Comed? Where? When?
Did you inform the licensee of your concerns?
Who at ComEd gave you a bad recommendation?
Why do you believe that the action taken against you was as a result of raising these safety concerns?
What rationale did Midwest generation give for not hiring you?

A left a message for the CI to call me.
