MEMORANDUM TO: A. Kock, Allegation Coordinator, EICS
FROM: B. Jorgensen, Chief, Decommissioning Branch, DNMS /RA/
SUBJECT: REVIEW OF D.O.L. COMPLAINT; RIII-00-A-0127 (COMED)

This is in response to your memos on this subjected dated June 30 and July 3, 2000. The material forwarded with the referenced memos has been reviewed as requested.

No new safety concerns or enforceable items were identified in the review.

The concerned individual has provided a claimed additional example of discrimination, in that s/he indicates the licensee has once more blocked the CI from acquiring potential gainful employment in their chosen field.

Recognizing the CI asked for confidentiality of identity, an ARB should discuss whether it is appropriate to refer the additional example to OI, likely for processing with the existing case.
