MEMO TO: Bruce Jorgensen, Chief, Decommissioning Branch, DNMS

FROM: A Kock, Allegation Coordinator

SUBJECT: REVIEW OF DOL AREA DIRECTOR'S DECISION; RIII-00-A-0127 (COMED)

On June 29, 2000, the Dol rendered a decision regarding the CI's complaint of discrimination.

Action

- Please review the attached document to identify any new safety concerns and/or enforceable items and make a recommendation for appropriate follow up actions. Please also recommend whether the NRC should pursue the CI's claim of discrimination, based on the Dol's finding that the CI's complaint did not fall within the jurisdiction of Section 211 of the Energy Reorganization Act. The results of your review are due before **July 14, 2000**, so that this information can be included in our discussion of this case at the Allegation Review Board due before July 22, 2000.

This memo should state the concerns (or enforceable items) and the regulatory basis for the each item. The memo should be provided in both hard copy and electronic form (e-mail address for the memo is OAC3).

- If your review identifies new safety concerns, please recommend whether the concern should be added to the existing file, or a new file should be established.
