RE: Comments opposing the NRC's proposed "Changes to Adjudicatory Process" (RIN 3150-AG49), 66 FR 19609-19671 (April 16, 2001), on behalf of forty-six (46) local, regional, and national organizations, one (1) company, and one (1) township: need to add to additional organizations due to late mail delivery and communications problems related to the suicide highjackings.

Dear Secretary Vietti-Cook:

Please convey to the Commission the following commenters should be added to the list of organizations for which Mr. Saltonstall and I filed comments yesterday in the above referenced rulemaking. The horrific incidents involving the partial destruction of the Pentagon and destruction of the World Trade Towers made mail delivery and communications difficult or impossible.
