REFERENCE: 1. USNRC letter, P. Milano to A. Blind/M. Kansler, dated August 27, 2001, regarding "Indian Point Nuclear Generating Unit Nos. 1 and 2 - Order Approving Transfer of Licenses from the Consolidated Edison Company of New York, Inc., to Entergy Nuclear Indian Point 2, LLC., and Entergy Nuclear Operations, Inc. and Approving Conforming Amendments (TAC. Nos. MB0743 and MB0744)"

Dear Sir:

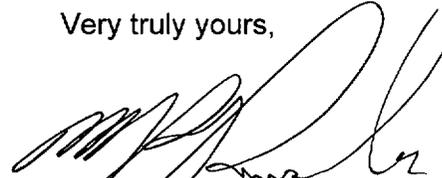

The Nuclear Regulatory Commission (NRC) recently issued an order transferring the Indian Point Nuclear Generating Units 1 and 2 (IP1 and IP2) licenses from the Consolidated Edison Company of New York, Inc. (Con Edison) to Entergy Nuclear Indian Point 2, LLC (Entergy Nuclear IP2) as the owner of IP1 and IP2, and to Entergy Nuclear Operations, Inc. (ENO), as the entity to maintain IP1 and operate IP2 (Reference 1). As a result, ENO requests that the NRC transfer outstanding applications and other initiatives submitted by Con Edison, for either Indian Point Nuclear Generating Units 1 or 2, to ENO. ENO also requests that activities and correspondence concerning Indian Point Nuclear Generating Units 1 and 2 reflect the transfer of these licenses.

A001

A number of issues and requests associated with the operating licenses were pending with the NRC at the time of the license transfer. ENO hereby adopts such issues and requests made by Con Edison for Indian Point Nuclear Generating Units 1 and 2 prior to the license transfer.

There are no new commitments made in this letter. If you have any questions, please contact Ms. Charlene Faison at 914-272-3378.

Very truly yours,

Michael R. Kansler
