Please convey to the Commission the following commenters should be added to the list of organizations for which Mr. Saltonstall and I filed comments in the above referenced rulemaking. The letter containing authority to represent People's Action for Clean Energy (P.A.C.E.) in this matter did not arrive until after our comments were filed. Although the USPS postmarked the letter on the day of the terrorist attacks, September 11, 2001, it did not arrive here until yesterday.
