Subject: Response to RIS 2001-17

Rich,

In response to RIS 2001-17, I have the following information for Calvert Cliffs:

Calendar Year 2002: 1 utility prepared license examination for 6 RO, 2 SROI and 4 SROU candidates. Exam is currently scheduled for the week of 7/15/02.

Also, approximately 9 people taking the GFES exam in October, 2002.

Calendar Year 2004: 1 utility prepared license examination for 5 RO, 4 SROI and 4 SROU candidates. Exam is currently scheduled for the week of 3/01/04.

We may also have some people taking the GFES exam in 2004, but I am not sure yet.

Is this sufficient for your purposes, or do I need to follow up with a formal submittal?

Thanks,

John Hornick
