SUBJECT: PROPOSED RULEMAKING: "CHANGES TO NUCLEAR POWER PLANT  
SECURITY REQUIREMENTS, 10 CFR PART 73"

The Office of Information Resources Management (IRM) has reviewed the subject proposed rule and concurs in its publication. However, since the rule would revise certain information collection requirements currently contained in 10 CFR Part 73, we have placed the rule on hold with the Office of Administration pending the submittal of an information collection package to the Office of Management and Budget (OMB).

In addition, please add the OMB approval number for Part 73 (3150-0002) to the "Paperwork Reduction Act Statement" in the Federal Register Notice. Should you require further information, please contact me at 415-7233 or e-mail BJS1.
