Attention: Docketing And Service Branch

Dear Mr. Secretary,

Northern States Power company (NSP) has reviewed the NRC's proposed revisions to 10 CFR Part 73 (Physical Protection of Plants and Materials).

We concur with the comments submitted by the Nuclear Energy Institute (NEI) on behalf of the nuclear power industry. These comments endorse the recommended changes but would modify one item to avoid unnecessary restrictions on drivers and vehicles in restricted areas.

Sincerely,

  
Roger O. Anderson
