Entergy Nuclear Operations, Inc. Service List

References: See below

Dear Sir:

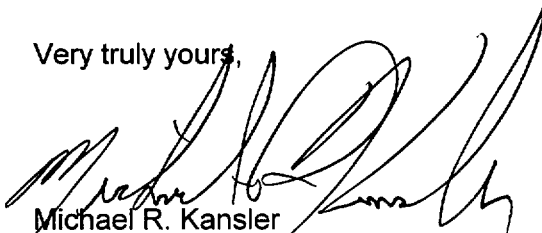

Entergy Nuclear Operations, Inc. (ENO) has updated the distribution lists for correspondence from the USNRC to ENO to reflect recent organizational changes at James A. FitzPatrick and Indian Point 3. A copy of the updated lists are attached for your use (Attachments 1 through 4).

Additionally, as a result of the recent transfer of the Indian Point Nuclear Generating Units 1 and 2 licenses, as detailed in the Order of Transfer (Reference 1), Entergy Nuclear Indian Point 2 (ENIP2) is licensed to possess and ENO is licensed to maintain IP1 and to operate IP2. Consequently, future legal correspondence, including license amendments, exemptions, safety evaluations, etc. should refer to the licensed operator - Entergy Nuclear Operations, Inc., or ENO. Two updated service lists from the USNRC to ENO for Indian Point 1 and Indian Point 2 are also attached (Attachments 5 and 6). A total of six lists are attached. Note that the distributions specified for correspondence from the USNRC Office of Reactor Regulation (NRR) differ from those specified for the USNRC's Region I Offices relative to the addressees.
