

WEEKLY REPORT TO THE COMMISSION

OFFICE OF NUCLEAR MATERIAL SAFETY AND SAFEGUARDS

Proposed Rule Signed by EDO

On _____, 2001, the Executive Director for Operations approved a proposed rule that amends 10 CFR Part 72.214, "List of approved spent fuel storage casks," revising the BNFL Fuel Solutions cask system listing within the "List of approved spent fuel storage casks." Amendment No. 2 to the FuelSolutions™ cask system CoC would modify the Technical Specifications (TS) to provide an alternative to returning the W74 canister to the spent fuel building, to clarify the description of the other non-fissile material permitted to be stored in the W74 canister, and to revise the temperatures to correspond to the liner thermocouples. Specific changes would be made to TS Tables 2.1-3 and 2.1-4; TS 3.3.2 and 3.3.3; and the bases for TS 3.3.2 and 3.3.3. No changes would be made to the conditions of the Certificate of Compliance.

This notice informs the Commission that, in accordance with the rulemaking authority delegated to the EDO, the EDO has signed this proposed rule for publication in the Federal Register.

The proposed rule can be found in ADAMS at ML insert ADAMS Accession Number
