OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

Joseph Wasserman 1359  
87 Shadow Lane  
West Hartford, Ct.  
06110

To: The U.S. Nuclear Regulatory Commission  
Office of the Secretary  
Washington DC, 20555  
ATT: Rulemaking & Adjudications  
Staff

It is imperative that there be an open & democratic process in the licensing of nuclear power reactors. This calls for protection of the public hearing process to ensure that all views are heard and that the public has input as to licensing, relicensing or safety regulation of nuclear reactors.

Given the history of nuclear power catastrophes, like Chernobyl and Three Mile Island, the need for accountability, of which public hearing is a critical part, is clear.

Thank you, Joe Wasserman
