SUBJECT: ACCEPTANCE REVIEW OF FINAL STATUS SURVEY REPORT FOR THE
ADJACENT LAND AREA

Dear Mr. Vinzant:

The U.S. Nuclear Regulatory Commission (NRC) received the Kaiser Aluminum and Chemical Corporation (Kaiser) Final Status Survey Report for the Adjacent Land Area (FSSR), dated June 29, 2001. In a letter dated July 17, 2001, NRC requested that Kaiser provide additional information before a technical review would be performed. Kaiser submitted the requested information on August 16, 2001. Although Kaiser's discussion regarding "affected" and "unaffected" areas will require additional revision, the information submitted by Kaiser is adequate for the staff to perform a detailed technical review.

If possible, please provide us a CD-ROM containing the new data (Tables 4-1 to 4-33, Tables B-1 to B-7, and Table 4-C), as this will expedite our technical review.

If you have any comments or questions concerning this letter, please contact me at (301) 415-6607.

Sincerely,
/RA/

John T. Buckley, Project Manager
Decommissioning Branch
Division of Waste Management
Office of Nuclear Material Safety
