To our Colleagues at NRC:

We would like to thank each and every one of you for everything you did to help us on that horrible September 11<sup>th</sup> day. The assistance you provided, whether in trying to find a place for us to stay or in trying to find us transportation, helped us tremendously. Not only did you continue with phone calls even after the office was officially closed, Jim drove us all the way to John's sister's house in Maryland.

We tried to find a suitable card that expressed our gratitude, but that card is nowhere to be found. That proves that all you did for us was not a simple gesture of kindness, but it was an extreme measure of compassion; and a simple "thank you" card just didn't seem appropriate.

We will always remember and be grateful.

Sincerely,

Kathleen A. Dunn  
Director
