SUBJECT: REVISION TO THE D. C. COOK NUCLEAR POWER PLANT NRC
INSPECTION SCHEDULE

Dear Mr. Powers:

On September 21, 2001, Mr. A. Bakken III of your staff requested that the NRC consider rescheduling the January Problem Identification and Resolution (PI&R) inspection at the D.C. Cook plant due to a potential conflict with other planned activities. We have evaluated your staff's request and have rescheduled the PI&R inspection to the weeks of April 1 and April 8, 2002. This change was communicated to your staff via a telephone conversation between Mr. R. Gaston of you staff and Mr. G. Wright of mine, on October 11, 2001. If you have any questions concerning this information, please contact Mr. G. Wright at 630-829-9602.

Sincerely,

/RA by Geoffrey Wright Acting for/
