Dear Ms. Kime:

Attached is a corrected copy of the sealed source and device registration OH-0104-D-103-S, originally issued by the State of Ohio to Marconi Medical Systems, dated May 5, 2000, for the Model N211XXX series (Beacon Non-Uniform Attenuation Correction Device). The corrected copy of this document was issued on July 10, 2001, and supercedes the previous registration in its entirety. Please substitute this document for the existing one in the National SS&D Registry.

Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "RAS", followed by a long horizontal flourish.
