Traci Kime, Registration Specialist
Materials Safety and Inspection Branch
Division of Industrial and Medical Nuclear Safety
Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555-0001

Dear Ms. Kime:

Attached are copies of sealed source and device registrations OH-0522-S-0103-S, OH-0522-S-0104-S, OH-0522-S-0105-S, and OH-0522-S-0106-S, dated July 6, 2001, and OH-0522-D-0102-B, OH-0522-S-0107-S, OH-0522-S-0108-S, AND OH-0522-S-0109-S, dated July 31, 2001, issued to Ohmart Corporation.

The registration OH-0522-D-0102-B on the SH-x series and SH-Fx series models has been amended in its entirety and supercedes all previous registrations on these devices. Please substitute this document for the existing one in the National SS&D Registry.

The other registrations are for sealed sources being utilized in Ohmart device models. These are new registrations specific to each sealed source. Please add these registrations to the National SS&D Registry.

Thank you for your assistance in this manner.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. E. Owen', with a long, sweeping underline.

Robert E. Owen
Manager of Technical Services
Bureau of Radiation Protection
