

## **Texas Natural Resource Conservation Commission**

Austin, Texas

License Number: RW1270 Amendment Number: 1 Expiration Date: November 30, 1994

This license is issued pursuant to and in accordance with letter dated September 11, 1992, signed by Donald P. Wefer, letter dated April 13, 1994, signed by Daniel B. Rubock, and letter dated May 26, 1994, signed by Elizabeth L. Green

Previous amendments are void

## **Radioactive Material License**

issued under provisions of Chapter 401, Texas Health and Safety Code

1.	Licensee:	Name:	Tex Tin Corporation			
			Attn:	Colin	Benjamin,	President

c/o AMMC Address: 105 Corporate Park Drive White Plains, New York 10604

## 2. Radioactive Material Authorized:

<u>Radioisotope</u>	<u>Form of Material</u>	<u>Maximum Activity</u>	Authorized Use
Depleted uranium	Solid (antimony- uranium-238 catalyst)	135,353 pounds	Possession as buried on the licensee's property

3. Location Authorized: Texas City - Intersection of State Highway 146 and FM Road 519 in Galveston County, Texas

Continued on Page 2 through 3 Pursuant to the Texas Radiation Control Act (Chapter 401, Health and Safety Code) and Texas Natural Resource Conservation Commission regulations on radiation, and in reliance on statements and representations heretofore made by the licensee, a license is hereby issued authorizing the licensee to possess radioactive material listed herein and to use such radioactive material for the purpose(s) and at the place(s) designated herein. This license is subject to all applicable rules, regulations, and orders of the Texas Natural Resource Conservation Commission now or hereafter in effect and to any conditions specified herein.

ISSUED DATE:

ATTEST:

- 4. The licensee shall comply with the provisions of Title 30 Texas Administrative Code (TAC) Chapter 336, <u>Texas Regulations</u> for Control of Radiation (TRCR) Parts 11, 12, 13, 21, 22, and 41.
- 5. Radioactive material shall only be used by or under the supervision of individuals designated by the Radiation Safety Officer (RSO).
- 6. The designated RSO for activities covered by this license is Elizabeth L. Green of Eagle Environmental Health, Inc., 4151 Southwest Freeway, Suite 410, Houston, Texas 77027, in accordance with the letters dated September 11, 1992, and May 26, 1994.
- 7. Radiation survey instruments shall be calibrated at intervals not to exceed 1 yr by persons licensed by the Texas Department of Health, another Agreement State, or the U.S. Nuclear Regulatory Commission.
- 8. Notwithstanding 30 TAC §336.1, TRCR 21.502(a), the licensee is hereby exempted from providing personnel monitoring equipment to the individuals using the radioactive material authorized by this license.
- 9. The licensee shall not process any depleted uranium catalyst unless approved by the Texas Department of Health and shall submit an environmental and radiological monitoring program with any request.
- 10. The licensee shall not bury any radioactive material, including depleted uranium catalyst waste material resulting from the processing of uranium catalyst for antimony, unless approved specifically by license condition pursuant to 30 TAC §336.6(b), TRCR 21.1008.
- 11. Radioactive material specified in Condition 2 of this license (depleted uranium catalyst) already buried under previous authorizations shall comply with the following:
  - A. Burial site is located as described in maps of Attachment B to letter dated May 8, 1990;
  - B. Burial site shall remain marked in accordance with the letter dated May 8, 1990, and markers shall be maintained in legible condition;
  - C. Buried material shall remain covered with at least 8 ft of earth and shall be stabilized with vegetation;
  - D. Burial site shall be monitored as described in the letter dated **September 11, 1992**.
  - E. Burial site shall not be disturbed or material removed from site without Texas Natural Resource Conservation Commission approval as indicated by license condition.

Page 3 of 3 Radioactive Material License No. RW1270 Amendment No. 1

12. Except as specifically provided otherwise by this license, the licensee shall possess and use the radioactive material authorized by this license in accordance with statements, representations, and procedures contained in the following:

application dated May 10, 1990;

letters dated May 8, and December 10, 1990; September 11, 1992; April 13, and May 26, 1994.

The provisions of 30 TAC Chapter 336 shall prevail over statements contained in the above documents unless such statements are more restrictive than the regulations.
