SUBJECT: DECOMMISSIONING PLAN STATUS (TAC #L52058)

Dear Mr. Ferriter:

In a letter dated August 24, 1999, a Decommissioning Plan (DP) was submitted to the Nuclear Regulatory Commission (NRC) for review and approval in support of your license termination activities. On January 31, 2000, the NRC issued a request for additional information (RAI) regarding the DP. On May 4, 2000, an open meeting was held between the Army and NRC to discuss the RAIs regarding the submission of the Army's 1999 DP (see ADAMS ML003717202). It was decided at this meeting that the Army would submit a revised DP rather than incorporating the many changes necessary to its original DP. On June 27, 2001, a revised DP was submitted for staff review. The purpose of this letter is to inform you that the staff considers the previous versions of the DP to be superseded by the June 27, 2001, submittal and no further review will occur on versions prior to the June 27, 2001 version.

If you have any questions, please contact me at (301) 415-5869.

Sincerely,

/RA/
