Seneca, SC 29672

SUBJECT: MEETING SUMMARY - REGULATORY PERFORMANCE - OCONEE NUCLEAR STATION

Dear Mr. McCollum:

This refers to the open meeting that was conducted on October 19, 2001, at the World of Energy adjacent to your Oconee Nuclear Station. The purpose of the meeting was to discuss the issues that resulted in a degraded cornerstone of safety at your Oconee facility. A list of attendees is enclosed.

It is our opinion this meeting was beneficial. The meeting provided an opportunity to present our views on the performance issues, underlying causes and corrective actions, related to the degraded cornerstone, to you and members of the public.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at http://www.nrc.gov/NRC/ADAMS/index.html (the Public Electronic Reading Room).

Should you have any questions concerning this meeting, please contact me at (404) 562-4550.

Sincerely,

/RA/

Robert C. Haag, Chief
Reactor Projects Branch 1
Division of Reactor Projects
