SUBJECT: NRC Terminated Licenses

Dear Mr. Dakubu:

This is in regard to our November 2, 2001 conversation regarding fourteen terminated NRC licensees located in Massachusetts identified by Oak Ridge National Laboratory (ORNL) as in need of further investigation. These files were returned to Region I by ORNL for follow up action. Attachment 1 provides a list of the licenses.

Region I did not complete the follow up reviews. Since these former facilities are now under the jurisdiction of the Commonwealth, the original files are being returned to your office. The files will be shipped to you under separate cover.

Thank you for your cooperation. Please contact me at (610) 337-5042 or by e-mail at [adw@nrc.gov](mailto:adw@nrc.gov) or Craig Gordon at (610) 337-5216 or by e-mail at [czg@nrc.gov](mailto:czg@nrc.gov) if you have any questions.

Sincerely,
