## EMERGENCY PHONE DIRECTORY

## 1.0 Purpose

This procedure provides a centralized location for telephone numbers that may be required during an emergency condition at Farley Nuclear Plant.

## 2.0 References

2.1 Joseph M. Farley Nuclear Plant Emergency Plan

2.2 Westinghouse Emergency Response Plan (U422333)

## 3.0 General

3.1 Dialing company phones (prefix 276, 286, 257, 992, 288, etc.) from other company phones can be accomplished by first dialing an 8, then the seven digit phone numbers listed in this procedure.

3.2 Farley Nuclear Plant extensions, including off premises extensions (OPX) (prefix 276), can be dialed from any other Farley Nuclear Plant extension or OPX by dialing the last four numbers.

3.3 Farley Nuclear Plant extensions and OPX (prefix 276) can also be dialed from any Bell phone from outside the company system by dialing 334-899-5156, or 334-794-0800, then asking for or dialing the extension when requested.

3.4 Farley Nuclear Plant Direct Inward Dial (DID) extensions (prefix 814) can be dialed from on-site, or from FNP OPXs by dialing the four digit extension. FNP DID extensions can be dialed from other company telephones by dialing 8-276 and the four digit extension. FNP DID extensions can be dialed from commercial telephones by dialing area code 334 (if dialing from outside Ashford), prefix 814 and the four digit extension. FNP DID extensions act like any other FNP extension when placing an outbound call..

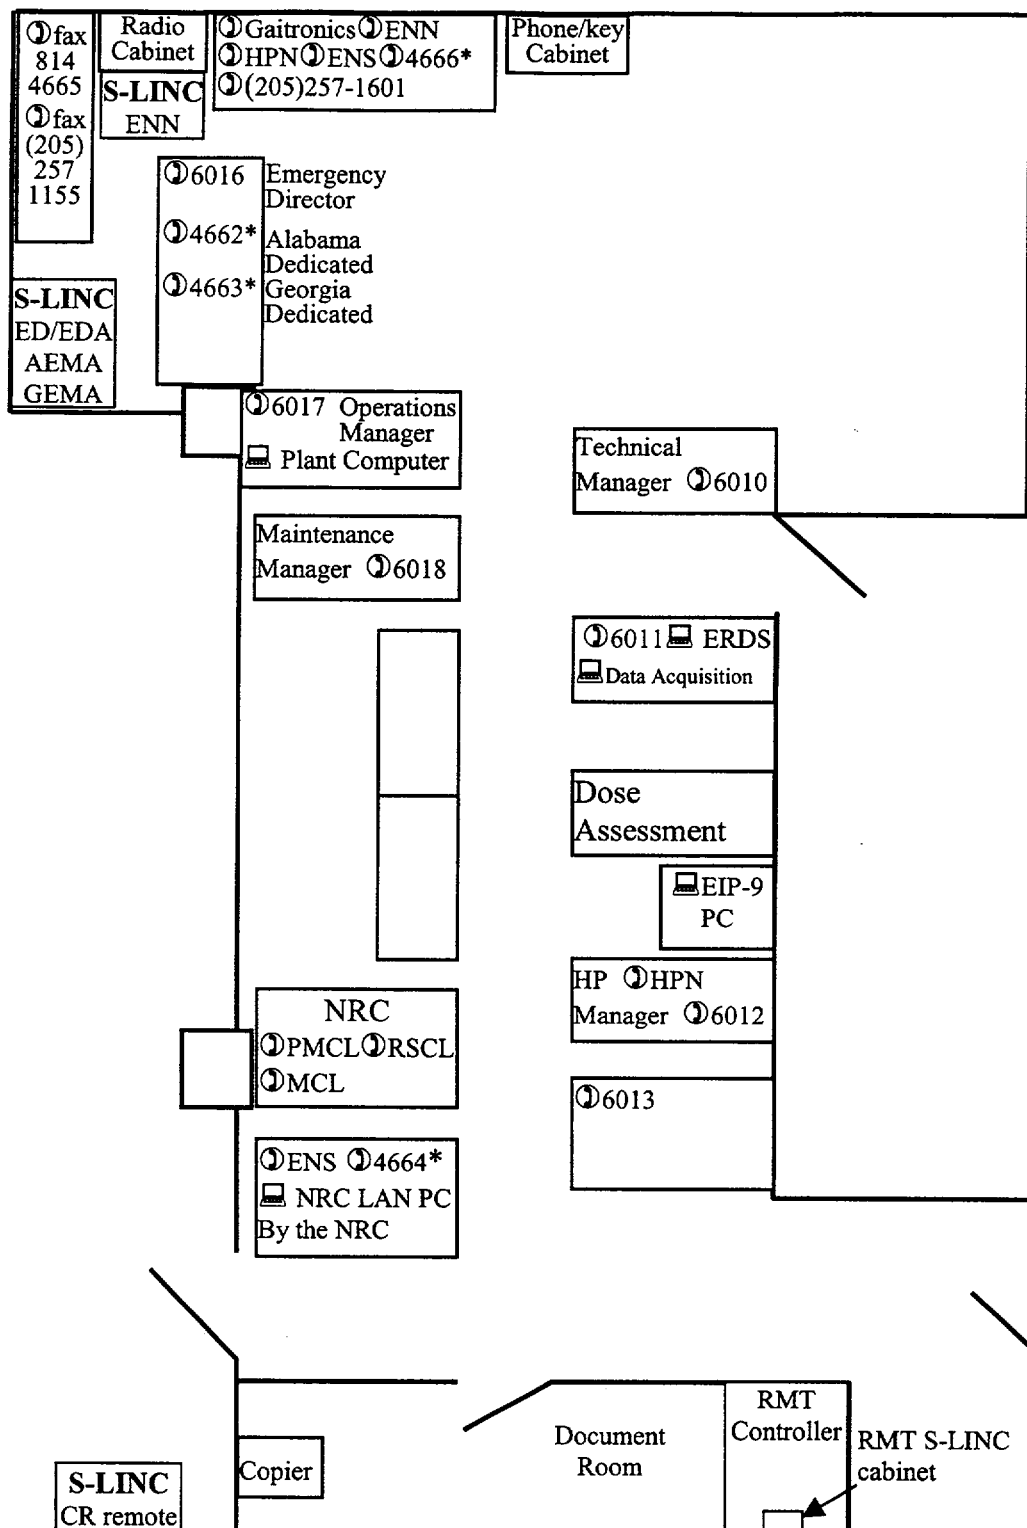

3.5 Birmingham APCo Corporate Headquarters extensions and OPX (prefix 257) can also be dialed from any Bell phone outside the company system by dialing area code 205, then dialing the seven digit number.

3.6 Birmingham SNC Corporate Headquarters extensions and (OPX) (prefix 992) can also be dialed from any bell phone outside the company system by dialing area code 205-992, then the four digit extension.

- 3.7 All instate long distance phone calls must be preceded by area code 205, 256 or 334, depending on the location.
- 3.8 The emergency phone numbers will be in a separate EMERGENCY PHONE LIST that will accompany this procedure.
- 3.9 The Emergency Planning Coordinator shall be responsible for updating names and telephone numbers in the EMERGENCY PHONE LIST upon notification of changes. Communications checks and verification of phone numbers for offsite agencies shall be conducted quarterly by direct communication. The updated Emergency phone list will be issued at least quarterly to all holders of this procedure.
- 3.10 Copies of this procedure shall be maintained at all times with the Recovery Manager and Emergency Director On-Call.
- 3.11 Figures 1, 2, 3, 4 and 5 are graphical representations of the phone numbers in the TSC, EOF, Alternate EOF, CEOC and the NMC. These figures may be used as a quick reference to phone numbers in those locations. Figure 6 is a listing of the FNP OPX extensions.

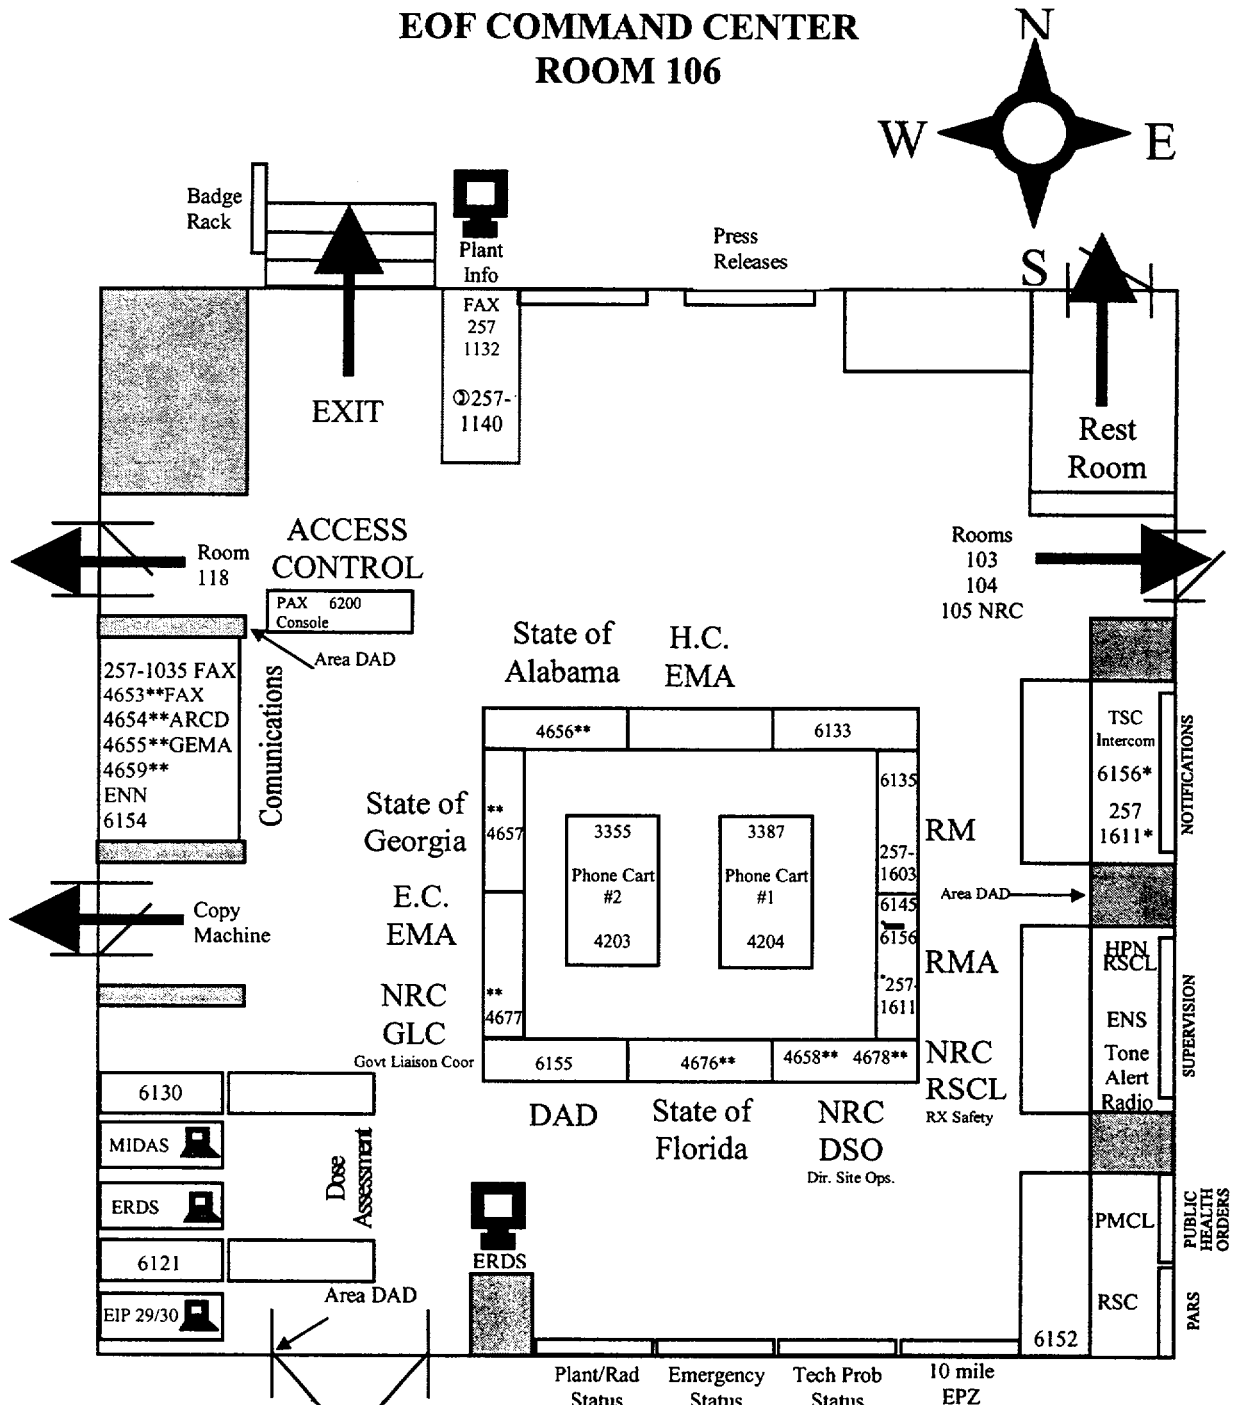

FIGURE 1

# TECHNICAL SUPPORT CENTER

\* These extensions are Direct Inward Dial extensions that can be dialed directly from an outside line with prefix 814. Use area code 334 if dialing from outside Ashford. Dial from on site with the 4 digit extension, from other company phones use the 276 prefix.

FIGURE 2

**Note 1:** Dial 4 digit PAX numbers directly from FNP phones or OPX. Use prefix 8-276 from other Southern Company phones. Dial 334-899-5156, ask for extension from commercial phones.

**Note 2:** Dial 257 prefix preceded by an 8 from Southern Company phones. Dial direct from commercial phones. Area Code 205 required outside Birmingham.

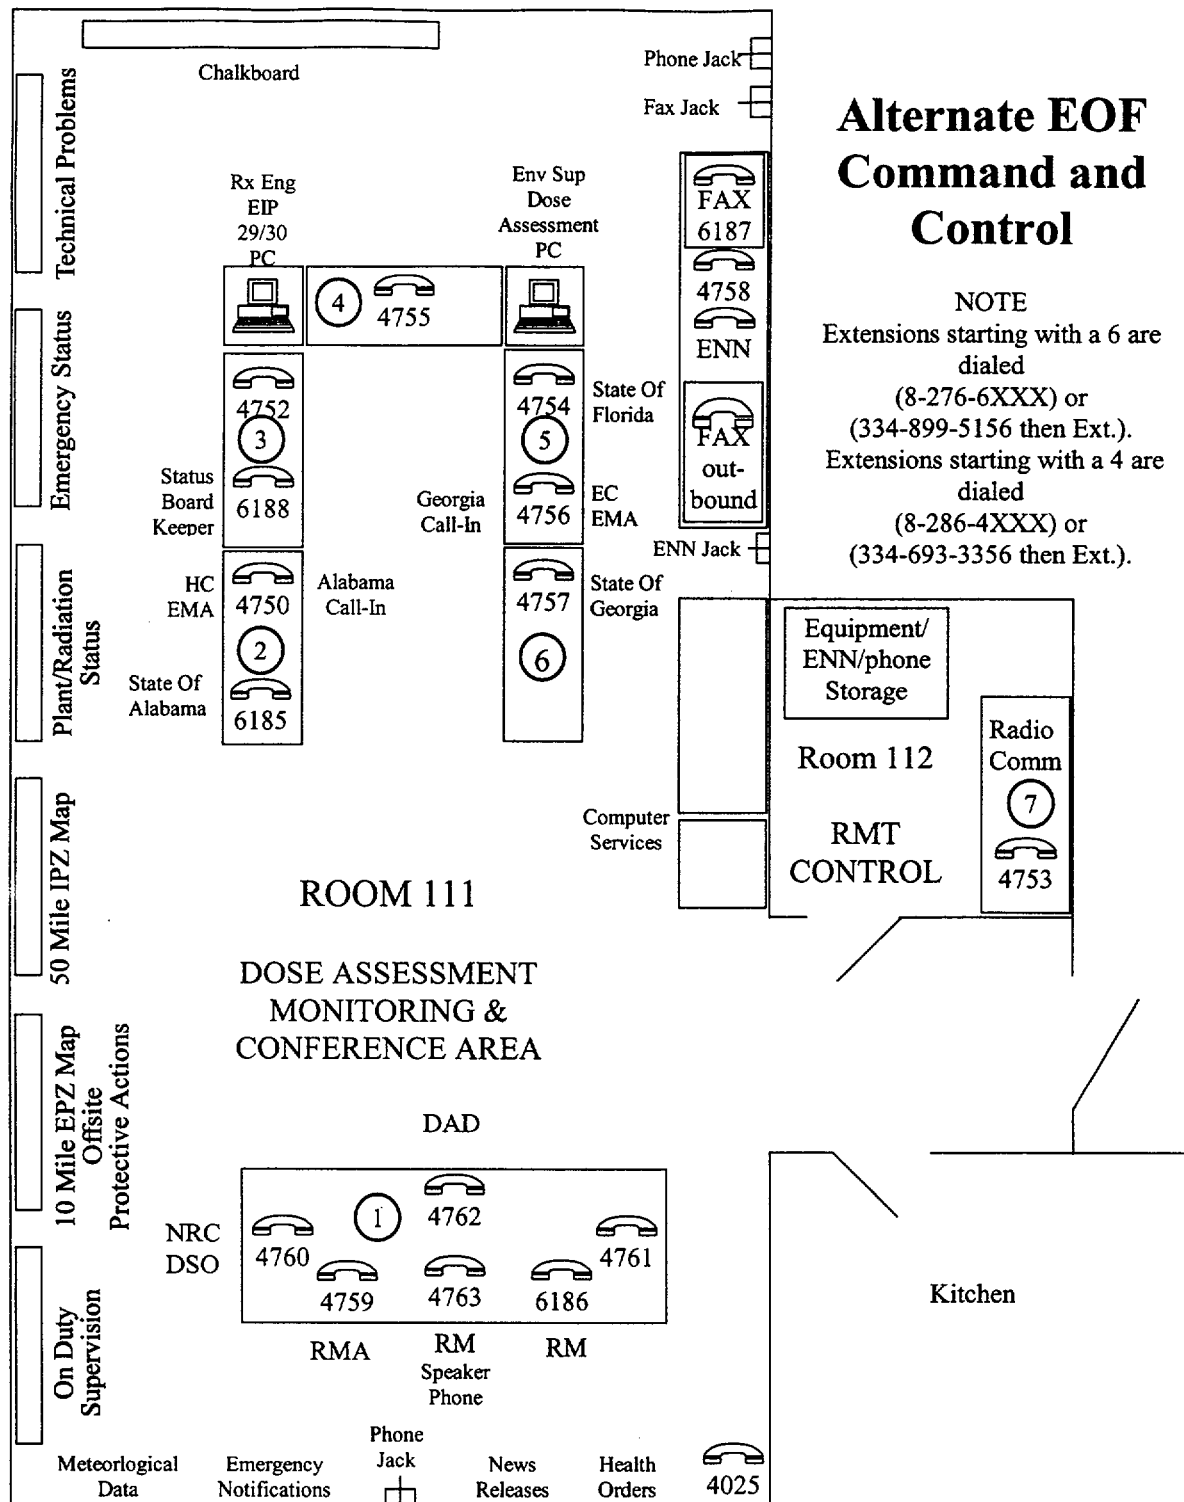

\* Phones ring in two locations. Always active in Cabinet behind RM.

\*\* Extensions are Direct Inward Dial numbers that can be dialed direct from an outside line with area code 334 and prefix 814, or Southern Company phones with 8-276 prefix or the 4 digit extension from PAX phones
