MESSAGE:

Greetings:

In anticipation of the proposed shut-down of process equipment in accordance with the client's schedule, I hope to provide the associated on site services during the period of November 1, 2 or 3, 2001. The majority of consultation and support will involve non-licensed activities such as refresher training for operators of fixed gate monitors for inbound scrap detection.

If the anticipated service date(s) are changed or canceled, I will notify your agency accordingly.

Best wishes and thanks for your continued support.

Scott Winters
