November 30, 2001

Mr. Paul C. Wilkens Senior Vice President, Rochester Gas and Electric Corporation 89 East Avenue Rochester, NY 14649

SUBJECT: NINE MILE POINT NUCLEAR STATION, UNIT NO. 2 - NOTICE OF

WITHDRAWAL OF APPLICATION FOR APPROVAL OF INDIRECT TRANSFER

OF FACILITY OPERATING LICENSE (TAC NO. MB2290)

Dear Mr. Wilkens:

By letter dated June 22, 2001, Rochester Gas and Electric Corporation (RG&E) submitted an application seeking approval under Title 10 of the *Code of Federal Regulations* (10 CFR) Section 50.80 for, among other things, the indirect transfer of Facility Operating License No. NPF-69 for Nine Mile Point Nuclear Station, Unit No. 2 (NMP-2) to the extent held by RG&E. The indirect transfer would have resulted from the planned acquisition of RG&E's parent company, RGS Energy Group, Inc. by Energy East Corporation (Energy East). RG&E's letter acknowledged that an application for approval of the direct transfer of the NMP-2 license as held by RG&E to Nine Mile Point Nuclear Station, LLC (NMP LLC) was pending before the NRC and that "if approved, would render unnecessary the request in this application for indirect transfer of RG&E's ownership interest in NMP-2."

NRC approved the direct transfer by an Order on June 22, 2001, as modified by a Supplemental Order on October 30, 2001. On November 7, 2001, the NMP-2 license, as held by RG&E and others, was transferred to NMP LLC. By letter dated November 14, 2001, RG&E withdrew that portion of the June 22, 2001, application relating to NMP-2. The NRC has prepared the attached Notice of Withdrawal which is being forwarded to the Office of the Federal Register for publication.

Sincerely,

/RA/

Peter S. Tam, Senior Project Manager, Section 1 Project Directorate I Division of Licensing Project Management Office of Nuclear Reactor Regulation

Docket No. 50-410

Enclosure: Notice of Withdrawal for NMP-2

NINE MILE POINT NUCLEAR STATION, UNIT NO. 2 DOCKET NO. 50-410

NOTICE OF WITHDRAWAL OF APPLICATION FOR APPROVAL OF INDIRECT TRANSFER OF FACILITY OPERATING LICENSE

The U.S. Nuclear Regulatory Commission (the Commission) was considering the issuance of an order under 10 CFR 50.80 approving the indirect transfer of Facility Operating License No. NPF-69 for Nine Mile Nuclear Station, Unit No. 2 (NMP-2), to the extent held by Rochester Gas and Electric Corporation (RG&E). The indirect transfer would have resulted from the planned acquisition of RG&E's parent company, RGS Energy Group, Inc. (RGS), by Energy East Corporation (Energy East).

On November 7, 2001, the NMP-2 license, as held by RG&E and others, was transferred to Nine Mile Point Nuclear Station, LLC, as authorized by an NRC Order dated June 22, 2001, as modified by a Supplemental Order dated October 30, 2001. By letter dated November 14, 2001, RG&E withdrew its request for NRC approval of the indirect transfer of the NMP-2 license since RG&E no longer holds the NMP-2 license. The NRC has permitted the withdrawal.

The Commission previously published a Notice of Consideration of Approval of Application Regarding Proposed Merger and Opportunity for a Hearing (66 FR 42687, dated August 14, 2001). No hearing requests or written comments were filed.

For further details with respect to this withdrawal, see RG&E's letter dated June 22, and November 14, 2001, available for public inspection at the Commission's Public Document

Room (PDR), at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the internet at the NRC website (http://www.nrc.gov/ADAMS/index.htm). If you do not have access to ADAMS or if there are problems accessing the documents located in ADAMS, contact the NRC PDR reference staff at 1-800-397-4209, 301-415-4737 or by email to pdr@nrc.gov.

Dated at Rockville, Maryland, this 30th day of November.

FOR THE NUCLEAR REGULATORY COMMISSION
