Subject: Re: NRC Review of alleged 1997 SSW for U-bend Indication (SG24 R2C67)

Brian,

Can you give me an update on this? Do you have an estimate for how long we are "on hold?"

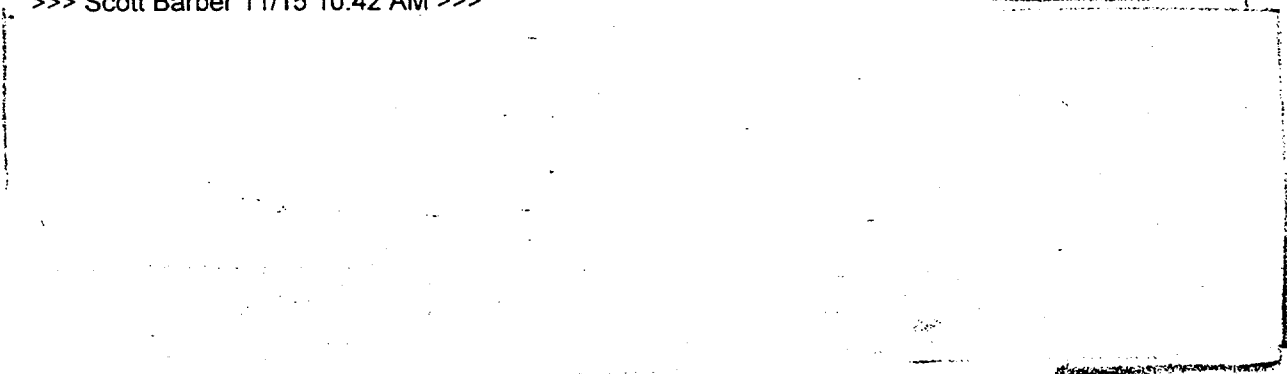

>>> Brian Holian 11/15 3:00 PM >>>

Per a further discussion after the panel...we will just hold on this action for a couple of days.

- 1) let me know if you've done anything so far
- 2) stay tuned and don't do anything till you hear from me...

thanks
B
