# AMENDMENT TO FACILITY OPERATING LICENSE

Amendment No. 2 License No. DPR-31

1. The Atomic Energy Commission (the Commission) having found that:

- A. The application for amendment by Florida Power and Light Company (the licensee) dated May 17, 1974, complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations set forth in 10 CFR Chapter I;
- B. The facility will operate in conformity with the license, the provisions of the Act, and the rules and regulations of the Commission;
- C. There is reasonable assurance (i) that the activities authorized by this amendment can be conducted without endangering the health and safety of the public, and (ii) that such activities will be conducted in compliance with the Complession's regulations;
- D. The issuance of this amendment will not be inimical to the common defense and security or to the health and safety of the public; and
- E. Prior public notice of this amendment is not required since the amendment does not involve a significant hazards consideration.
- 2. Accordingly, paragraph 2.C.(2) of Facility License No. DPR-31 is hereby amended to read as follows:
  - "(2) Technical Specifications

The Technical Specifications contained in Appendices A and B, attached to Facility Operating License No. DPR-31 are revised as indicated in the attachment to
