*Correction to Amdt. 87
to DPR-31
1 of 2*

Mr. Robert E. Uhrig, Vice President
Advanced Systems and Technology
Florida Power and Light Company
Post Office Box 529100
Miami, Florida 33152

Dear Dr. Uhrig:

On July 30, 1982, the Commission issued Amendment Nos. 87 and 81 to Operating License Nos. DPR-31 and DPR-41 for the Turkey Point Plant Unit Nos. 3 and 4, respectively. The amendments provided for redundancy in the residual heat removal system.

The instructionsheet to the amendments was in error in that it was misleading as to the insertion and removal of Technical Specifications page 4.4-3. In order to properly correct the Technical Specifications as intended, enclosed is a new instruction sheet which removes the references to page 4.4-3 and retains the existing page 4.4-3 in Appendix A of Facility Operating License No. DPR-31 and DPR-41.

Please accept our apologies for any inconvenience this error may have caused.

Sincerely,

ORIGINAL SIGNED

Daniel McDonald, Project Manager
Operating Reactors Branch #1
Division of Licensing
