SUBJECT: OYSTER CREEK NUCLEAR GENERATING STATION - CORRECTION OF
PAGES ISSUED BY AMENDMENT NO. 219 (TAC NOS. MA7804 AND MB1748)

Dear Mr. Kingsley:

On January 24, 2001, the Commission issued Amendment No. 219 to the Oyster Creek Nuclear Generating Station Technical Specifications (TSs), in response to your application dated December 1, 1999, as supplemented September 15, 2000. As a result of a letter from Mr. R. J. DeGregorio dated April 4, 2001, we reviewed the TS pages in that amendment and determined that some contain administrative errors. The following pages (enclosed) are reissued for these reasons:

Page 4.5-5: Amendment No. 216, dated October 25, 2000, revised paragraph K (not the subject of Amendment No. 219). A pre-Amendment-No.-216 paragraph K was instead issued in Amendment No. 219.

Page 4.5-12: The footer did not reference Amendment Nos. 210 and 211.

Page 4.5-15: Amendment No. 216, dated October 25, 2000, revised the first paragraph (not the subject of Amendment No. 219) on this page. A pre-Amendment-No.-216 paragraph was instead issued in Amendment No. 219.

We apologize for any inconvenience the above administrative errors may have caused you.

Sincerely,

/RA/

Peter S. Tam, Senior Project Manager, Section 1
Project Directorate I
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

Docket No. 50-219

Enclosures: As stated
