SUBJECT: CALENDAR YEAR 2003 SCHEDULING OF NRC REGION III LICENSED
OPERATOR EXAMINATIONS

Dear Mr. Tulon:

The purpose of this letter is to enlist your support in the scheduling of calendar year 2003 initial licensed operator examinations in NRC Region III. The enclosure of this letter lists requests received from Region III facility licensees for licensed operator examinations for that calendar year. A large number of those examination requests fall within the months of September through December 2003. In addition, Region III facility licensees have provided us with projected dates during which they would expect to conduct licensed operator requalification examinations during that year. This information indicates that the NRC operator licensing staff would need to conduct six of the eight calendar year 2003 Region III licensed operator requalification baseline inspections during those same months. Consequently, the projected workload for the Region III operator licensing examiners during the final quarter of calendar year 2003 will be difficult to accomplish.

We have contacted the other NRC regional and headquarters offices to ascertain the availability of qualified examiners from outside Region III. Based on current projections, we can accommodate the majority of the exams near the requested dates, but will have to schedule several exams approximately two months prior to or beyond the requested quarter. Before we finalize the calendar year 2003 exam dates, we want to provide you the opportunity to re-evaluate your training and examination schedule and determine whether you can realign your request to outside the fourth calendar quarter of 2003. Please contact us to revise or reaffirm your request by calling Mr. David Hills (630-829-9733) of my staff within fifteen days of the date of this letter. We will proceed with scheduling the calendar year 2003 examinations after December 15, 2001.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/NRC/ADAMS/index.html> (the Public Electronic Reading Room).

Sincerely,

/RA/
