780 Third Avenue, Suite 2601
New York, NY 10017

Dear Senator Clinton:

This letter is in response to the November 19, 2001, letter from Mr. Joshua Albert of your staff. We have discussed the use of overpacks for neutron sources with the Manhattan College Acting Reactor Administrator, and we understand that Manhattan College plans to request a revision to the applicable NRC license for use of the overpacks. NRC will evaluate Manhattan College's proposed use of the subject overpacks and ensure that Manhattan College satisfies the pertinent regulatory requirements. If you have further questions, please feel free to contact me.

Sincerely,

/RA/
