Describe Follow-up: (Telephone, Internet, Chamber of Commerce, Other) Charles Novac, General Manager, Blackwood Inc. (owner of the mine for the past year or so) (610-863-3213). Jim Charowski, Pennsylvania Department of the Environment, Pottsville District Mining Office (570-621-3118). The Blackwood Mine in Schuylkill County, PA has been operated by a number of different operators since the 1800s. In 1983, a company named Blackwood Anthracite, Inc. began mining on the site. It operated there until the late 1980s, during which it built a coal preparation plant (breaker) on the site. Near the end of its operations at the site, the breaker was torn down. Today, there are no structures or equipment on the property. It is likely that the gauge was installed on the breaker and was scrapped when the breaker was scrapped.				
Describe Communication with Registration Vendor: Chris Fitz, NDC Infrared Engineering, Inc. (626-939-3859). Although there are two files for Blackwood Anthracite, they contain identical information. The manufacturer said that only one gauge was sold to Blackwood Anthracite. The gauge was not returned to the manufacturer.

It appears that the gauge was likely to have been scrapped when the coal breaker was demolished.
